E-invoice Archiving System

SAFE Portal

WANT TO SEND, RECEIVE AND ARCHIVE DOCUMENTS SAFELY?

E-invoice Archiving System enables storage of e-invoices according to standards defined in the Regulation of the Minister of Finance of 2010 concerning e-invoices and acts on bookkeeping and VAT.

It combines all the good points of modern cloud e-archive with benefits of the Internet communication.

Store all types of invoices in one place

SAFE Portal helps you with collecting (sending/receiving/archiving) any types of invoices, easily, safely and without considerable financial outlays, and in formats most convenient for you.

The Portal allows mutual communication and convenient exchange of documents between the contracting parties, regardless of whether they use EDI technology or not.

SEND, RECEIVE AND ARCHIVE – NO PAPER NECESSARY

When you **issue invoices**

SAFE PORTAL facilitates sending e-invoices to numerous recipients, including those not using EDI. You only feed your SAFE PORTAL account with documents, and the recipients are able to download them in most convenient formats. With SAFE PORTAL you gain control of the whole invoicing process, from issuing to receiving documents.

You provide **SAFE PORTAL with EDI e-invoices**, directly from your IT system, **and the recipients can download them in most convenient formats.**

INVOICE RECIPIENTS

When you **receive invoices**

Collect invoices from numerous suppliers in one place with SAFE PORTAL. Each supplier can provide your SAFE PORTAL account with an EDI e-invoice or a PDF. SAFE PORTAL means comfort, safety and well organized documents.

Suppliers can **provide you with e-invoices** in three ways:
